

Plastimo Inflatable

QUALITY ACCLAIMED WORLDWIDE

Plastimo are world leaders in inflatable boat design and construction. We are based in New Zealand, the yachting capital of the world, where our rugged coast line provides the perfect testing conditions for developing our product range. We have established a brand synonymous with superior quality, rugged dependability and uncompromising attention to detail. Our high standards ensure that Plastimo continues to grow as a premier supplier to markets all over the world.

Every Plastimo is designed and built to the highest standards of efficiency and safety; your chosen model, from the smallest stowaway tender to the largest RAIDER cabin boat, will be reassuringly safe, seaworthy, buoyant and stable.
